STINGRAY ATTACK

Around 30 Ganapati revellers, including a 12-year-old boy, were bitten by stingray at Chowpatty on Wednesday. Twelve of them were taken to Nair hospital where they were given antibiotics and painkillers. The rest were treated on the spot. All patients were discharged on Thursday, barring the boy, who has been kept under observation. During immersion, six ambulances from Nair hospital were parked on the beach for any emergency. 2,07,752
